## PREVENTION AND CONTROL BOARD

Visit our website

[www.hpvboard.org](http://www.hpvboard.org)

# Aims & Objectives

## Aim

- To contribute to the prevention and control of HPV and HPV-related diseases
- To generate, expand and disseminate relevant information on HPV to a broad array of stakeholders

## Objectives

- To provide evidence-based guidance on key technical and strategic issues by organizing two annual meetings: 1) technical meeting and 2) country/regional meeting
- To monitor the progress of HPV control programs at both the country and regional levels.

# A multi-disciplinary Board formed by prominent experts

- Act in their personal capacity
- Are often affiliated with international partner organizations
- This provides open and honest discussions
- Advisors and speakers at HPV Prevention & Control Board meetings are not paid
- No formal organization with president, vice-president i.e., minimal bureaucratic structure

---
